3. In consideration of the Application, your attention is drawn to the following preliminary requirements:
 - 3.1. Please quote the reference number provided in the event of any correspondence/queries in this regard, with correspondence being addressed to the appointed case officer.
 - 3.2. The processing of this application is based on the information reflected in the Application Form being maintained as a true and accurate reflection of the proposed development and the listed activities applied for. In the event that corrections to these are required, such amendments must formally be communicated by the Environmental Assessment Practitioner and acknowledged by this Department prior to the competent authority being in a position to consider final submissions.
 - 3.3. With regard to the activities listed in the EIA Regulations 2014 as amended, that are being applied for, please note that the various activities and any associated aspect thereof must be detailed with coordinate references provided in each respect, in any Draft and/or Final BAR.

- 3.4. In addition to the minimum requirements outlined in the regulations, the following is to be adequately addressed in any Draft and Final Reports:
- 3.4.1. A full project description, inclusive of a description of the associated structures and infrastructure required for the project, which addresses all listed activities applied for, must be included in the reports;
 - 3.4.2. Outline and define the impact assessment methodology and significance assessment matrix table adopted in the comparative assessment of identified impacts;
 - 3.4.3. Any amendments within the Final Report and associated Appendices that may differ to those addressed in the Draft Report and associated Appendices must be clearly highlighted in the context of the Final Report;
 - 3.4.4. Reference to the public participation process and engagement with Interested and Affected Parties must be substantiated with relevant written and dated correspondence being provided;
 - 3.4.5. The EAP should confirm the preferred format of the Draft Report to be submitted to the respective juristic Organs of State for the minimum prescribed comment period, should the EAP's intent not be to provide them with a hard, bound copy;
 - 3.4.6. Cognisance of Regulation 42, whereby a register of interested and affected parties is to be opened and maintained. This register must specifically include the full contact details of those Organs of State and State Departments identified as having jurisdiction in respect of the proposed activity or any associated aspect thereof and therefore have from the outset been notified of the said application. A copy of the I&AP register must be included within the Draft and Final reports submitted to the Department; and
 - 3.4.7. **The assessment reports to clearly indicate any aspects highlighted by the screening report, as well as a confirmation of the specialist assessments identified and a motivation and reasoning for any identified specialist assessments not being undertaken.**
- 3.5. The EAP is advised to remain aware of the 90-day timeframe for submission of the Final Report as contained within the 2014 Regulations (as amended), which period will lapse on **26 October 2026**, with specific reference to Regulation 19(1)(a), which provides for a commenting period of 30 days for both I&AP's and the competent authority, taking cognisance of Regulation 3 (1). All requirements, as contained in Appendix 1 of the 2014 EIA Regulations as amended, must be addressed in the BAR reports.
- 3.6. A bound hard copy as well as an electronic copy of all Draft and Final reports are to be submitted to the competent authority (i.e. DEDEAT: Sarah Baartman Region).

3.7. The Environmental Assessment Practitioner is required to notify and inform the applicant in writing that the activity may not commence prior to an environmental authorisation being granted by the competent authority.
